Important Notes

- This pairing scheme is compiled from the official PCTB-issued pattern for exam guidance only. Total theory marks: 75 (MCQs 15 + Short 36 + Long 24).
 - Q.9 is a compulsory long question (theorem/problem) — make sure chapters 9 and 12 are well prepared.
 - The 2025 paper follows the SLO-based pattern, so it may differ slightly from previous years; about 90% of this scheme is expected to hold, Insha'Allah.
 - The scheme is prepared with Punjab boards in mind. Prepare all chapters fully and cross-check with your own board.
